You invite gifted professionals to your home with DUO-ART

Reproducing Piano

YOU love music; appreciate music; want to hear good music
or you would not be here tonight — the premiere of the
GREAT ARTISTS' COURSE for 1925-26.

You must know that it is DUO-ART, and DUO-ART alone for which over 70% of the great concert pianists record exclusively. How much do you think the privilege would cost to have Paderewski, Hofmann, Bauer, Gabrilowitsch come personally to your home? Millions are paid annually by the public to hear such artists as these—yet these gifted professionals will play in your home whenever you want them,—if you have the **DUO-ART**.
